## CHEERS!

Consumer Advisory: consuming raw or under cooked meats, poultry, seafood shellfish, or eggs may increase the risk of foodborne illness, especially if you have certain medical conditions. There is risk associated with consuming raw oysters. If you have chronic illness of the liver, stomach or blood, or have immune disorders, you are at greater risk of serious illness from raw oysters and should eat oysters fully cooked. If unsure of your risk, consult a physician.

## ELIJAH CRAIG

A Curated Beverage Experience Spawned  
by Mina Group Beverage Obsession

Known as the “Father of Bourbon”, Elijah Craig was a Baptist preacher, a road builder and a master distiller. He has been credited with being the first EVER to age a spirit in charred oak barrels, changing the way we age bourbon forever. Heaven Hill Distillery still uses the 200-year-old methods that Elijah and his family used and are proud to use locally grown corn for their bourbon. Please enjoy our crafted cocktails or simply enjoy Elijah Craig over ice. Either way you are sure to taste a touch of American history with every sip.

{ CIGARS }

## { MILD }

### **THE GRIFFIN'S ROBUSTO**

16

Made in The Dominican Republic by Davidoff. Mild, with a slight citrus undertone and hints of spice. Creamy, smooth and flawless construction with Connecticut wrapper.

### **DAVIDOFF 2000**

28

Davidoff 2000 is a mild to medium, very creamy cigar. The 2000 is probably the most famous of all of the Davidoff cigars. It is made using a beautiful Ecuadorian shade-grown Connecticut wrapper draped over hand-selected fillers and binder. This cigar is perfect for the novice and aficionado alike.

### **ROMEO Y JULIETA GRAN TORO TUBO**

26

The Reserva Real Gran Toro is a premium handmade cigar that features a Connecticut-shade Ecuadorian wrapper that is golden brown and silky to the feel. This cigar is paired with Nicaraguan long fillers to give the Reserva Real Gran Toro Tubo a rich, nutty, toasted flavor that is mild to medium in body and strength.

### **CAMACHO CONNECTICUT ROBUSTO**

16

The Camacho Connecticut breaks the mold by offering a cigar that is delicately creamy and smooth yet maintains itself in the standards you have come to expect from Camacho through its medium spice, earthy undertones and high quality. It is comprised of a Connecticut shade wrapper grown in Ecuador, a Honduran binder and Dominican/Honduran long filler tobacco.

## { VINTAGE SPIRITS }

### **CHÂTEAU FONTAINEBLEAU COGNAC 1811**

**BOTTLED IN 1930**

12,500

Our only bottle, EVER, ultra rare bottle of Château de Fontainebleau 1811 Vieille Fine French Napoleon Champagne Cognac.

Château de Fontainebleau is located 55km south of Paris and is now a UNESCO World Heritage Site. The medieval castle and subsequent palace served as a residence for the French monarchs from Louis VII to Napoleon III and our bottle comes from a private collector in the Neuchâtel region of Switzerland. It was kept in an old cellar at 8-12 degrees, ensuring that the bottle wasn't exposed to any sunlight. The bottle dates from the time when Neuchâtel was under French occupation; at the turn of the 19<sup>th</sup> century, when the king of Prussia was defeated by Napoleon and was forced to give up Neuchâtel in favor of the French.

As one of the rarest cognac finds, this bottle represents an important time in history. It was not only the year that the town of Cognac received Napoleon, but also the year that his second wife, Marie Louise gave birth to his son. The following year, Napoleon began his disastrous campaign against Russia, amassing a vast army of 500,000 infantry 100,000 cavalry and 80,000 in the baggage trains, plus other contingents from all over Napoleon's world. It is hard to believe that a cognac that was made in honor of Napoleon, while he was still alive and which he almost certainly tasted, is still available to purchase and drink today in 2020!

Napoleon Cognac was recreated by Courvoisier in 1910. It is now a Fine Champagne cognac (a classification that didn't exist in 1811) and is made from blend of Grande and Petite Champagne cognac, some matured for up to 20 years. The terms "Grande" and "Petite" Champagne are a reference to the classification of the areas where the Cognac grapes (the Ugni Blanc variety) are grown. This 1811 cognac was bottled in 1900, the turn of the century, after almost 90 years in cask.

"EXCEPTIONAL" is the review of the very few that have had the privilege to taste it. Go ahead, why not? Right now, you are in the right place to make history with this bottle!
