

BUONASERA

To experience the best of Sorelle, we recommend our Centro Tavola menu. This is a common term you might find in restaurants and homes throughout Italy and it simply means “center of the table.”

Our menu is inspired by the spirit of breaking bread and sharing a meal with loved ones, and it really pays homage to the two Fabian sisters, who on this site back in 1887, founded an orphanage to help serve the growing Charleston community.

Our menu is shared across five courses, and we think it highlights the most popular selections and very brightest flavors of the season.

We kindly request that the entire table participates in this dining experience.

Sorelle
